What is it?

It's a door-to-door transport service for Marrickville residents that combines features of both a door-to-door service with a route service. It's like a cross between a taxi and a bus service.

The cost is \$2 per day (unlimited stops).

Who is it designed for?

Generally people who are older, or who have a disability and are living independently. Their carers travel for free.

The service is designed to assist residents of the Marrickville municipality to 'get around' - those who can't use or have difficulty using more 'ordinary' transport such as buses or taxis.

When does it operate?

It operates "on the road" from 8.30am to 3.30pm Wednesdays, excluding public holidays.

The first person is normally picked up about 9.00 am. Your particular pick up time depends on where you live and how the drivers schedule is arranged. You will need to check with the office when you book.

How does it work?

You have the choice of being collected from either a specific spot e.g. your home or one of the fixed JetStream stops. You can request any destination within the Marrickville municipality, including RPA hospital.

Do passengers receive assistance?

The driver provides assistance on and off the vehicle if required. If you need help carrying shopping, Leichhardt Marrickville Community Transport Group offers other services with an assistant to help you. If personal assistance is needed e.g. with shopping, you can also take a carer/relative with you.

Important Information

- All services require an easy, over the phone assessment to ascertain eligibility.
- You must be ready when the driver calls and follow his/her directions.
- In exceptional circumstances, services may be cancelled due to mechanical breakdowns, staff illness etc.
- Fees are negotiable if you face financial hardship.
